Dear Reader

I'm writing to introduce you to uMthombo Wempilo, a Philippi community organisation, that is looking to engage with your male staff about sexual health matters.

This outreach seeks to educate men as well as offer HIV-testing to those who want it — see the details below.

uMthombo Wempilo needs your help to set up an opportunity for their field team to visit your business premises. So please contact Thando Wonxie to arrange a time.

Kind regards,

Egbert Wessels
PMU Manager

Men Sexual Health Programme in Philippi

[uMthombo Wempilo](#), in partnership with the [SA Business Coalition on Health &](#)

[AIDS](#) (SABCOHA), provides a Men Sexual Health programme that engages with men around issues of:

- Access to healthcare.
- Gender-based violence.
- Sexual health and knowledge of HIV and AIDS.
- Linking men tested for HIV and screened for TB, COVID-19 and STIs to relevant health facilities.

We do this through a discussion about HIV and AIDS, and preventative alternatives such as the importance of safe sex; and newly available methods of prevention, such as PrEP and PEP.

We will be having a qualified HIV lay councilor to conduct HIV-testing for any men interested to know their status, when we conduct our education and awareness visit.

Our field team has been equipped with all the necessary PPEs (hand sanitizers, gloves, face masks) to ensure our work is undertaken in a safe environment and that our clients are protected.

We look forward to hearing from Philippi businesses!

Kind regards,

Thando Woxie
